Dear Dr. Kumar,

Thank you for sending your manuscript Multi-view Stacked CNN-BiLSTM (MvS CNN-BiLSTM) for Urban PM2.5 Concentration Prediction of India's Polluted Cities for consideration to Journal of Cleaner Production. It has been assigned the following manuscript number: JCLEPRO-D-23-21401. Please accept this message as confirmation of your submission.

When should I expect to receive the Editor's decision?

For Journal of Cleaner Production, the average editorial time (in weeks) from submission to first decision is: 4 and from submission to final decision is: 6.9.

What happens next?

Here are the steps that you can expect as your manuscript progresses through the editorial process in the Editorial Manager (EM).

1. First, your manuscript will be assigned to an Editor and you will be sent a unique reference number that you can use to track it throughout the process. During this stage, the status in EM will be "With Editor".

2. If your manuscript matches the scope and satisfies the criteria of Journal of Cleaner Production, the Editor will identify and contact reviewers who are acknowledged experts in the field. Since peer-review is a voluntary service, it can take some time but please be assured that the Editor will regularly remind reviewers if they do not reply in a timely manner. During this stage, the status will appear as "Under Review".

Once the Editor has received the minimum number of expert reviews, the status will change to "Required Reviews Complete".

3. It is also possible that the Editor may decide that your manuscript does not meet the journal criteria or scope and that it should not be considered further. In this case, the Editor will immediately notify you that the manuscript has been rejected and may recommend a more suitable journal.
